Teacher Note:

Hi Lovely Teacher,
I have had so much fun creating this resource I hope your students enjoy the questions just as much!

Would you rather questions have many great benefits in the classroom. For our young learners, they encourage children to:

1. Think critically
2. Articulate their opinion.
3. Children to share their thoughts with others
4. Take a stand-choose a side
5. Understand that others can have a different point of view and that's ok.
6. Listen to others, reflect on their answers & perhaps even refine their answers based on hearing other's thoughts.

I would love to connect and hear about your experience using this resource. My email is:
